Dominick, CEDA & Nicor sponsor Weatherization Program for Cicero Residents

On Tuesday, November 25th, Cicero Town President Larry Dominick met with representatives from the Community and Economic Development Association of Cook County (CEDA) and Nicor, Inc. to discuss their Weatherization Program available to Cicero residents in need. Focused on making homes safer and more energy-efficient for qualifying low-income residents, the CEDA Weatherization Program can provide furnace repair services or furnace replacement, installation of heat-saving insulation and sealing of bypasses to conserve energy and keep homes warmer through the winter months.

Cicero residents in need of these services are encouraged to call the CEDA Weatherization Hotline at 1-800-571-CEDA or the town's Department of Housing to find out if they qualify.

(from left to right) Jennifer Smith (CEDA), Margi Schiemann (Nicor Gas), Senator Sandoval, President Dominick, Patricia Doherty-Wildner (CEDA) and Marsha Belcher (CEDA)
