Creating Opportunities for Youth to Thrive

For many suburban Cook County families, high costs make extracurricular activities like summer camps and after-school programs inaccessible. These programs offer vital opportunities for youth to develop social skills, receive academic support, and explore their interests in a safe environment.

The CEDA Youth Enrichment Access Program bridges this gap by providing financial support to help families enroll their children in enriching activities. Whether it's participating in a sports league, attending a STEM camp, or receiving tutoring after school, this program ensures that every child has the opportunity to learn, grow, and succeed. Together, we can create a brighter future for our youth.

Program Benefits

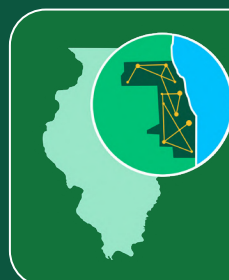

- **Financial Support:** Up to \$600 per child and \$1,800 per household to cover participation costs.
- **Diverse Activities:** Supports a variety of programs, including after-school activities, arts, sports, summer camps, STEM programs, and more.
- **Family Stability:** Eases childcare burdens, allowing parents to focus on work and other responsibilities.
- **Holistic Growth:** Encourages physical, social, and educational development for youth.

Our program makes extracurricular activities more accessible by providing financial assistance for after-school programs and summer camps, supporting youth development and engagement.
